

JUNE 2020

CAMP BUILDERS

Here's hoping that you are all safe and well. Although we had to cancel our April and May projects because of Covid-19, I am encouraged that there is hope for our fall schedule. I know several camps are making plans to try to have summer sessions. It will probably be at least mid summer before we will know whether or not camps will be financially able to have us come. We may have to be flexible with our schedule and make some adjustments in what we ask of the camps.

God is in control, and will guide us if we continue praying, and trusting. We will SYDTR!

In Awesome Wonder,

Rex Bruton
Camp Builders Coordinator

2 Chronicles 7:14

CABINET BUILDERS

We've been blessed so far through the shut down to be able to continue doing some small projects locally.

Here's some things that I have learned:

1. You can't do it all by yourself! This is a tough lesson for me and one I'll need to remember when we get cranked up again.
2. I miss the comraderies in the shop. Once I told my wife that I thought I'd make a good hermit. Not so sure anymore.
3. Speed kills. If it's worth doing, it's worth taking the time to do it right.
4. Give God the glory. I may be doing the work, but HE has given the tools, time, talent, training etc. to me.

CABINET BUILDERS (contd)

I'm aware of at least six projects that could use our help so take this time to tune up the RV, clean up the tools, study up for some good devotionals and be ready to hit the road this fall.

God Bless,
Ralph Stephenson

CHURCH BUILDERS

Praise God for this current situation that our Country is going through. What a glorious time in our lives it is to be able to turn to The Lord and ask for our needs and the needs of others to be taken care of. To give Him all the Praise and Glory.

We have three projects scheduled for the remainder of this year.

September will be in Gilmer, Texas
October will be in Broaddus, Texas
November will be in Alamo, Texas

Currently I am tracking 15 possible projects for 2021.

The February project was large and very labor intensive, thank you to all who participated. The remaining projects for this year will continue to be labor intensive. I am praying that God will provide the builders and wives needed. I also want to invite other TBM ministries to join us.

If God has placed it in your heart to join us on any of the upcoming projects, He also wants you to let me know. Please text or email if you plan on being at any of the remaining projects. It is helpful when setting up the camp and for the church meal preparation to know how many are showing up.

Peace, Love and Blessings to all,

Tom Elliott, Church Builder Coordinator
